

## **Boston & DCS Championship Show January 9th, 2008**

### Pointers

A lovely entry. A few pointers were sadly lacking muscle tone which seemed to result in some of the weak hind action apparent on the day in otherwise nicely put together specimens, a real shame.

### Puppy Dog (1)

1. Mignaud's Handsway Tommy Zoom. Strong well grown 11 month b/w puppy with a pleasant head and eye. Sound free mover. Needs a little time to come together.

### Junior Dog (2)

1. O'Neill's Hurwyn Some Might Say. B/w dog with good outline, firm in topline and plenty of rear angulation. Kind head and expression, neat ears. Moved out smartly. Needs to mature on and body up, but this should come with time.
2. Dyer's Sharnphilly Just A Breeze. A more mature dog filling a larger frame.  
Very up-standing presenting a clean balanced outline. Well handled. Moving a little close behind today.

### Post Graduate Dog (4,1)

1. Beesley's Birchleith Bow Bells. O/w dog not making the best of himself stacked, but needs handling to appreciate his virtues. He came into his own on the move and went with lovely carriage.
2. Sherwin's Hawkfield Black Tie. Neat well balanced b/w dog of medium size, kind head and expression, nothing out of place. Shame to not see him going as I know he can.
3. Adam's Martynsway Moonshine At Casaperrito.

### Open Dog (5,2)

1. Wilson's Bonnygate Imperial Choice. Medium sized athletic b/w dog with beautiful head and expressive eyes. Well angulated fore and aft, good firm topline with neat tail, used well. Went well with purpose once settled, carrying himself well with a strong driving action. Best Dog.
2. Beesley's Birchleith Barbican Beau. Medium sized dog with many of the same attributes as 1, just preferred the head of the winner. Well put together dog who moved very well, in fit condition. Res Best Dog.
3. Sillence's Sh Ch Tomlow Brief Encounter.

### Puppy Bitch (2)

1. O'Driscoll's Fowington Caracas. Sweet headed b/w puppy with clean well laid shoulders, firm topline, neat tail and going very well for one so young. Lovely to see her go PG3.
2. Blower's Bonnygate Karriage Queen of Deadaway. This b/w was not quite as forward as 1, but is developing along the right lines and has plenty of time on her side. An active happy mover, handled sympathetically.

### Junior Bitch (2,1)

1. Thorley's Gempoint Flaunt N Flirt. Blanket b/w bitch of 13 months, plenty of maturing ahead of her to do yet, but she possessed a clean outline with well bent stifles. Attractive head and eye. Feet could improve.

### Post Graduate Bitch (6,1)

1. Tait's Penwest Panya With Moordale. Young lemon/white bitch with some maturing left to do. Didn't present herself to best advantage stacked in the cold venue, but came alive on the move, especially in hind action. Sound honest bitch who impressed with her reach, drive and excellent carriage. Res Best Bitch.
2. Sillence's Tomlow Night And Day. More finished b/w bitch with excellent head and eye, giving a beautiful expression. Well made all through, but didn't quite match 1 on the move, on the day.
3. Huxley's Woodfleet Lookin For Truble.

### Open Bitch (6,1)

1. Dyer's Sharnphilly Complimentary. B/w bitch in peak condition, showing a lovely graceful outline with good angulation throughout. Attractive head, although eye could be a shade darker. Fabulous mover who strode around the ring showing great reach and drive, at one with her handler. Best Bitch & BOB.
2. Wilson's Bonnygate Just Diana. O/w bitch looking as good as I've seen her. Kind head and expression, clean outline, neat tail. Full of character. Moved with enthusiasm.
3. Huxley's Woodfleet Siennarain.
