

LADIES KENNEL ASSOCIATION CHAMPIONSHIP SHOW

Sunday 10th December 2017

Due to the adverse weather conditions, unfortunately, a somewhat depleted entry but by no means a cheap ticket. I thank the exhibitors who made the journey; I had some lovely dogs to judge. Some exhibits were carrying too much weight, weight is not condition, a Pointer outline should be a series of graceful curves, with well developed muscles.

MINOR PUPPY DOG (7,4)

1st Philo's Fydal Caprio At Salmonmist. 7 month old o/w who is well constructed with a good length of neck into clean shoulder. He has a lovely outline with well developed quarters with an excellent topline and tail set. Tended to be a little erratic on the move due to his exuberance but he is only a baby. Best Puppy dog.
2nd Ram's Dacon Sharp Spear. Different type to 1 and slightly more together on the move, overall a bigger dog even though he is the same age. He is well constructed with excellent bone and plenty of condition. Good tail and set.
3rd Gerrard's Carmandine Count On Me.

PUPPY DOG (8,4)

1st Philo's Fydal Caprio At Salmonmist.
2nd Ram's Dacon Sharp Spear.
3rd Saunders' Phlynnies Prince of Thieves.

JUNIOR DOG (9,5)

1st Best's Bestina Balbenach. Loved him for his type, he has a beautiful head and expression with dark eyes, stands on good legs and feet, well balanced outline, needs to be gone over to be appreciated. Moves out well on an even stride. He could benefit from carrying a bit more weight but he is still a young dog, I was pleased to award him the RCC.
2nd Bedson's Caithpoint Extreme Faith. Another nice type who is well constructed all through. Not as nice in expression as the winner and needs to settle on the move.
3rd Booth's Lundgarth Teal.

YEARLING DOG (2)

1st O'Neill's Sh Ch Chesterhope Thrill of T Chase (Imp) -Mature young dog (who I have met on numerous occasions) he has a typical outline, stands on good legs and feet and is a series of graceful curves. His head is lovely in profile with correct proportions, sloping neck into well placed shoulders, slightly sloping topline with good tail and set. Moved out well on an even stride at one with his handler, pleased to award him the CC and BOB. Delighted he made the cut in the group.
2nd Booth's Lundgarth Teal. Not the construction of the winner, he is rather upright in shoulder and short in upper arm, pleasant enough head and needs more angulation all through.

POST GRADUATE DOG (5,2)

1st Adams' Millpoint Simply Smashing JW. Won this class with ease. Clean outline, too much slope on his topline for me, but he stands on good legs and feet and everything flows through, shown in good coat and condition, moved out well.
2nd Tannahill's Wynbury Walter Jack JW. Another well constructed dog, better shoulder than 3. He has good bone, looks well in profile, moved well.
3rd Saunders' Teisgol Double Trigger.

LIMIT DOG (9,6)

1st Rayner & Spinks' Freebreeze Over The Top At Spinray. L/w dog with a pleasant outline he has a good neck and shoulders correct topline, would like to see a better bend of stifle, moved okay.

2nd Tregaskis' Moenfair Spicewood Summer. Heavier build than winner, good bone, legs and feet correct topline, nice quarters.

3rd Adams' Ansona Peter Pan JW ShCM.

VETERAN DOG (5,3)

1st Best's Shadesett Keep On Believin For Bestina. Lovely type with a beautiful head and expression, well constructed shoulders, straight front, excellent profile, sound quarters, moved on a long stride with good tail action. Best Veteran.

2nd Roberts' Kanix Dantes Inferno. Heavier in head than winner and short in muzzle giving him an unbalanced profile. He has a good lay of shoulder but is short in the upper arm, good width of thigh.

MINOR PUPPY BITCH (10,6)

1st Siddle's Wilchrimane Pirouette. A pretty well put together orange. She has a lovely balanced head and dark eye with correct outline although she does tend to get over stretched a little. Comes together well on the move. Best Puppy In Breed.
