⚡ A1 - List for Pointers ⚡ B - List for Labradors ⚡

I started out in 1998 with a Labrador from a pet breeder of show breeding, I had lots of fun learning the ropes with him, he was welcomed and befriended by all that met him, he was often placed at championship level narrowly missing his stud book number on many occasions.

I then moved into Pointers, where I am the proud breeder/owner/handler of the only UK dog in breed history to have gained 7 champion titles. Along the way we picked up numerous group placing's and wins, including a RBIS at an International Championship show in Germany, 3rd BIS in Holland and a BIS at a breed club Championship show. I currently have 7 dogs in the KC Stud book, in addition to my own home bred UK and Multi Champion, I have bred a US Champion and have owned and handled many Champions made up in Ireland/Holland/Germany/Luxembourg and International titles.

I have been judging since 2006, concentrating mainly on the Pointers where I have judged over 275 dogs and am on The Pointer Club/The Pointer Club of Scotland/Southern Pointer Club 'A3' list, closely followed by the Labradors where I am on the 'B' list, and then I have picked up numerous other gundog breeds along the way. I have also judged abroad in Finland and America.

I also run the most popular Pointer website in the World with over 55000 dogs in the online pedigree database, and over a decade of show photos available to view online. In addition to these you will also find a members Forum, a Market Place and information on my own dogs. Through this site over £30000 has been raised for Pointer Rescue and Pointer Welfare of Scotland over a 5 year period, mainly through selling calendars that members of our Forum brought photo slots for their dog to be included.

I am also the proud author, compiler and producer of the very popular tomes 'Pedigree Pointers 2010' and 'Pedigree Pointers 2015'.
