

## Crufts 2012

### Friday 9<sup>th</sup> March 2012

Thank you all for my wonderful entry, to my stewards who were the best thank you. An honour to be invited to judge our lovely breed. Thank you to the exhibitors for the sporting atmosphere. On a minus side, I think that front angulation is still a problem, we are seeing brisket well above the elbows, short necks, no extension in front on the move, and we are seeing more over angulation in the hindquarters. My biggest surprise were heads, there were some strong skulls others with no work, eyes with no expression. On a positive note, coats have improved greatly since I judged last. Pleased to see my Best of Breed still showing and moving well to take 4th in the Gundog Group, well done.

#### **VETERAN DOG (10, 3)**

1<sup>st</sup> Wilcox's Sh Ch Pipeaway Zonic Tonic For Merynjen JW. Well balanced O/W, matching back and front. Good deep body, short coupled and not overdone in any way. Balanced head. In the best of condition, well muscled hindquarters which he used well on the move.

2<sup>nd</sup> Isherwood's Sh Ch Symitry Russian Roulette. Very similar to first in type, very balanced just a little lighter in body. The best of hindquarters. He showed his bright and happy temperament when on the move. Two worthy champions.

3<sup>rd</sup> Mason's Aurichalcum The Renegade. 10 years old, a credit to his owner, in top condition and well muscled. Well boned dog, moved with purpose.

#### **SPECIAL PUPPY DOG (13, 1)**

1<sup>st</sup> O'Driscoll's Gartarry Moonlight Flit To Fowington. O/W, loved his balanced head and bright eye. He is a nice size with an outline of curves in the right places. Has a good body and couplings leading to well muscled hindquarters used well to drive off, keeping shape on the move. Should have a bright future. 2<sup>nd</sup> Mitchell's Gartarry Moonshine Over Staxyll. Litter brother to first, not quite as mature at the moment, but a lot of similar remarks apply. Found his movement sound. Two nice youngsters.

3<sup>rd</sup> Flint's Casilex Crescendo. B/W dog, heavier than the first two, having a balanced head and the kindest of eye, good neck leading into well laid back shoulders, deep brisket to elbows, correct shaped bone, in excellent body and coat, not as together as first two on the move.

### **YEARLING DOG (17, 1)**

1<sup>st</sup> Best's Shadesett Keep On Believin For Bestina. Gives his handler a hard time. 20 months b/w dog that flows through nicely. Not a heavy dog, loved his head with a defined stop and pronounced occiput, good neck into well placed shoulders, ribs well let down to elbow, a bit more weight would be to his advantage. Covering plenty of ground when he settled, found his bright, outgoing, kind temperament very pleasing.

2<sup>nd</sup> Harrison's Millpoint Top Hat N Tails JW. B/w built on heavier lines than first, looking the part when stacked. has the kindest of expressions, well placed shoulders, deep and well ribbed body and well back. Not the lightest on the move.
