3rd Morgan Van Freebreeze.

LIMIT BITCH (16,5) Little bit shocked by this limit bitch class where I hoped to find a lot of quality and where in the past there would normally have been a number competing for top honours. The winner, an orange won with the best overall quality and movement. Several in this class were super standing but were so lifty in front thereby ruining their chances of a higher award. Cathedral fronts and straight shoulders were much in evidence. The winner has a good head and eye, presents a nice outline on the move but is a little too wide in front, nevertheless she is all round a super quality Pointer.

1st Raigmore Worth The Wait.

2nd Tenshilling The Wanderer. Super sporting on the move and a lot of quality but her shoulders are straighter than ideal which spoils her outline, Very nice head and expression, super proportions.

3rd Joneva Just Because.

OPEN BITCH (6,2)

1st Sh Ch Sharnphilly Santa Rose. Orange. Stunner, perfect size. Super head so well balanced and with soft, gorgeous eye expression. Her outline is outstanding, and she maintains this outline on the move, powerful drive, plenty of reach with minimal lift. She screams Pointer type and quality, delighted to award her CC and BOB later an excellent group 2.

2nd Millpoint Simply Scrumptious. Liver. Bigger style of bitch but has super outline and remains feminine. Perfect topline and tailset, tail a touch long. Super bone and feet with the required slight bend in pastern. Super sound on the move.

3rd Sharnphilly Escalade at Raigmore.

VETERAN BITCH (6,0) Four grand old ladies. A shame to place them as all did their owners proud and serves to highlight how wonderfully Pointers age with such grace and style.

1st Lowsmoor Shiralee. The winner had the edge today with a lovely display on the move, good reach and drive with no lift. Nice outline and lovely head and expression.

2nd Wynbury Golden Chalice by Fleurfield. Deep orange so rich and attractive. Beautiful head and expression and moving soundly with good carriage and outline.
